Times Tales with 5 Mini-Flipbooks - \$45.95

Times Tales with 10 Mini-Flipbooks - \$59.95

**Non-consumable!
Use year after year!**

**Only
\$45.95**

Times Tales is a creative, innovative mnemonic-based program that makes it fun and easy for students to memorize the upper multiplication and division facts. Cute, simple stories provide students with a "memory peg", allowing them to quickly recall otherwise abstract facts. Once the multiplication facts are mastered, students apply the same stories to immediately recall the division facts with nothing new to learn!
